

we expend all we are allowed to levy, and then we have not enough to keep them up as well as they should be.

Very respectfully,

F. A. BULLOCK,
Judge Fayette County.

The Gazette in its issue of October 12, says there was "a grand total of \$90,325 expended in turnpike repairs for six years or in round numbers an average of a little more than \$15,000 or an average of \$150 per mile per year." But since our issue of last week it has seemed to realize the difference between expenditures for turnpike repairs and for turnpike purposes, and in this week's issue it speaks altogether of expenditures for turnpike purposes. These feeble

efforts to deceive the intelligent people of this county will receive their well-merited rebuke on the 7th of November.

The Gazette's average per mile for turnpike - - \$191.00
Actual average per mile from examination by a committee of expert business men - - - - 93.79

The difference between the Gazette and actual facts \$ 97.21

Crude Oil Advances.

Last week the purchase price of crude oil was advanced 8 cents per barrel by the Standard Oil officials who visited Kentucky. This rise from 83 to 91 cents will stimulate developments and increase revenues. That was the fifth advance in seven weeks.

SOCIAL EVENTS.

On Tuesday evening, Oct. 24, Mr. and Mrs. R. M. Trimble entertained most delightfully at 6 o'clock dinner, the Trimble family in honor of Mrs. W. V. Holley, of Los Angeles, Cal. There were four teen persons at the table. J. G. Trimble and seven of his nine children, were of the number.

J. G. Trimble Hurt.

On Saturday morning J. G. Trimble rode horseback to the Levee neighborhood to look at a farm. While climbing a fence the top rail slipped out of the post. He fell backward down an incline. Three ribs were fractured, one over right lung and two in the right side. He was alone. He mounted his horse, and after continuing his trip more than a mile, returned home. When he arrived at home he was unable to get off his horse. He had thus ridden about six miles. He has suffered much, as he is now in his 83 year, and has yet not recovered from injuries received last summer. He will be restored very slowly.

Clark County Fiscal Court Grants Franchise to Lay Gas Pipe Mains Free.

The Clark Fiscal Court granted to the Central Kentucky Natural Gas Company a franchise to lay gas mains on the pike from the city limits of Winchester to the Fayette county line. The Court withdrew its demand of \$500 for this franchise and granted it free of cost to the company, the pipe to be laid under the direction of a superintendent representing the court, who is to be paid by the gas company. The residents along the pike were not able to secure the concessions asked for by them, viz: That the gas company agree to furnish them gas on similar terms as those proposed to the citizens of Winchester. The gas company claims that the main can not be tapped without great expense, but they did agree to furnish residents along the line with gas, provided such persons would pay for a two-inch pipe from Winchester, the company agreeing to lay and pay for one mile of this supply pipe.

Banquet.

The Winchester Commercial Club will, on November 16, give a banquet in honor of the State Development Committee which meets there on that date to arrange plans for the State Development convention next year at Winchester. This committee consists of one delegate from each Senatorial district and of two from the State at large.

Also at same date the State Revenue and Taxation Committee will meet, holding two sessions. This committee will be pleased to see Montgomery county men who have any suggestions concerning taxation, as the entire State is interested in this matter. Meeting at Court House.
